Overview

<h3>Higher Education</h3> <p>Post-graduation, apprentices will be able to enroll in higher education courses aligned with their industry pathway.</p>	<h3>Industry Credentials</h3> <p>Apprentices are required to pursue an industry credential to develop practical knowledge and skills.</p>	<h3>On the Job Training</h3> <p>Each apprentice will develop career-ready, in-demand competencies through their employer. These skills are designed to have currency in the job-market, and to set up apprentices for future career success.</p>
---	---	--

**Apprentices who start their senior year of high school will follow a different timeline than above; to be defined with the apprentice and supervisor*
***Apprentices are guaranteed and must be willing to commit the required number of hours, together employer and apprentice may decide to increase work hours*
