

2021 CareerWise Colorado Youth Apprenticeship Survey

CareerWise Colorado's 2021 Apprenticeship Survey gathered input from more than 100 apprentices about their experience with modern youth apprenticeship.

"CareerWise Colorado is committed to continuing to improve our youth apprenticeship model to create successful and equitable outcomes for all its apprentices. We're encouraged by this feedback and we'll continue to keep an open dialogue with our apprentices and partners as we grow in Colorado and across the country."

~Noel Ginsburg,
CareerWise founder and CEO

Apprentices report they have...

- ✓ Acquired valuable skills and experience
- ✓ Gained self confidence
- ✓ Established valuable relationships

86% describe their overall experience "good" or "excellent"

Apprenticeship Blends Classroom and Job Training

80% of apprentices believe what they learn on the job is relevant to their career

27% of apprentices believe what they learn in the classroom is relevant to a future career

Leading Benefits

As reported by apprentices

- Professional Work Experience
- Head-start on a Career

Conquering Challenges

The top challenges respondents reported facing specifically due to the pandemic include:

- #1 Completing high school and college courses remotely
- #2 Forming relationships with supervisors and/or colleagues remotely
- #3 Uncertainty about choices available after high school
